AUSTRALIAN CRICKET SOCIETY

Membership of The Australian Cricket Society is open to all those interested in cricket. Reasons to consider joining the society include:

- *The opportunity to attend meetings addressed by interesting cricket personalities*
- *An annual dinner where a noted cricket personality from interstate or overseas gives a speech*
- *The receipt of a News Bulletin prior to each meeting*
- *Attendance at cricket book launches, cricket activities and specially convened events*

Since its formation in 1973 the New South Wales Branch has been able to attract many eminent cricket personalities who all have a passion and interest in the game. Guests have included Test and first-class cricketers, journalists, writers and administrators (who were once players in their own right). Many of our guests have been both entertaining and enlightening, sharing much about the game in ways that have allowed new insights not previously known.

We have received wonderful support and encouragement from our Patrons over the years, Sir Lincoln Hynes, Bill O'Reilly and Brian Booth. Stuart Clark is in 2023 our new Patron. The former NSW and Australian wicket-keeper Greg Dyer is our President with Stephen Bernard, former NSW fast bowler and former Australian team manager, a Vice-President along with founder Ronald Cardwell.
